YACHT BASED HUNTS - PAGE 12

THE LAST FRONTIER

YEAR AFTER YEAR, hunters travel to Alaska, Kyrgyzstan, and Mongolia to go on a world class trophy hunt with Cavner and Julian. From the great Alaska moose and coastal brown bear to Ibex and Marco Polo sheep, hunters are able to return year after year with Cavner and Julian for different hunts on a variety of animals. Privately owned by Preston and Stacie Cavner, this guide service has been in operation in Alaska for over fifteen years, consistently hunting the premier areas Alaska, and has expanded to offer some incredible hunts in Kyrgyzstan and Mongolia.

CAVNER AND JULIAN IS BASED out of Alaska and operates Stonewood Lodge in Lake Clark Alaska, Pacific Bear Bay Lodge on the Alaska Peninsula, Swiftwater Camp and more camps in remote locations. The main Stonewood Lodge has all the qualities of a world class sportfishing and recreational lodge and provides the most comfortable of settings for our guests to relax in after enjoying a spectacular adventure. Cavner & Julian's goal is to provide a continued level of the highest qualities and give to our guests a hunting experience that is second to none.

PENINSULA BEAR HUNTS

OUR BROWN BEAR AREAS ON THE PENINSULA are producing some fabulous trophies, providing some great opportunities for world class bears. The location of Pacific Bear Bay Lodge is geographically the most ideal setting for hunting, fishing, and recreation with the use of boats, aircraft, argo, atv's and rafts. Bear density is high in our areas and we have consistently harvested some of the largest brown bears taken each season. With some camp locations, it may be optional to combine fall bear hunting with fishing directly at the camp or from Stonewood Lodge in Lake Clark on conclusion of the hunt. We use the most up to date and proven equipment, gear, and supplies and provide our hunters with detailed information and gear list in the months prior to their hunt.

THE SPRING SEASON ON THE PENINSULA for coastal Brown Bear runs from May 10th - 31st of even years and the fall season runs from October 1st - 21st of odd years. Most flights leave from Anchorage to our camps, making it easy for our hunters and their gear. It is also possible to make arrangements for a non-hunting participant to accompany a hunter—we have hosted many spouses at camp or Stonewood Lodge during the hunting trips.

"Cavner and Julian was a perfect set up that provided great stalk opportunities for the bowhunter. What an awesome adventure!"
—Randy W, Hoyt Archery

ARCHERY BEAR HUNTS

With over 15 years experience of successfully hunting bear by archery we have established methods for good and consistent hunts. These hunts can be booked either spring or fall.

"I want to thank Preston and his guys for helping me achieve my goal of killing a trophy brown bear with a bow. Preston is extremely professional and detailed-oriented, the Alaska Peninsula is truly a wild and beautiful place, and to is definitely LOADED with bears!" —Mike W

ACCOMMODATIONS AT CAMPS VARY from cabins or deluxe style tents. Meals are filling and satisfying, featuring cooked specialty dishes and supplemented with fresh vegetables and fruit. You can also be assured we'll cook up any freshly caught fish or seafood and supply some smoked salmon and wild game sausage. There are also plenty of snacks and warm drinks to keep you full and content.

WE ARE COMMITTED TO PROVIDING our hunters with not only success but an organized and enjoyable experience. Every detail matters to us and we take extra care to provide an incredible and memorable hunt.

"First of all, thank you again for one of the best hunts ever. I just don't know how it could have been better—great facilities, equipment, food, location, transportation, guides, trophies, and as I mentioned, great pre-hunt instruction." —Hugh J.

"I saw more bears the first morning of my hunt than I did on my entire previous two Brown bear hunts combined." —Bryce T.

"I had the hunt of a lifetime with Cavner & Julian in May of 2016. I killed a very nice 9 1/2 foot bear about half way through the hunt. The guides, food, and accommodations were all great. We dined on morel mushrooms, fiddle-head ferns, saltwater muscles, dungeness crab, and fresh flounder to name a few of the great meals. I also slept indoors most of the hunt, which is a rare luxury on a hunt like this. I wouldn't hesitate to recommend this hunt.." —Vern S.

"After two previous unsuccessful brown bear hunting trips with other outfitters, a close friend recommended Cavner and Julian to achieve my lifelong dream. The hunt was well coordinated with excellent communications. I killed the bear of my dreams on day five of the hunt. I would highly recommend Cavner & Julian to help you fulfill the bear of your dreams." —Tom N.

"I have taken over 120 species on four continents. I rate Cavner and Julian as one of the best outfitters I've ever hunted with." —Rick S

"Preston knows big peninsula bears and his area is second to none. The beaches we hunted looked like the brown bear version of Jurassic Park."
—Tom Miranda

PENINSULA WOLF HUNTS

"I chose an option to go wolf hunting and my guide was able to call in a trio of wolves. This was no accidental sighting but amazing we were able to purposefully go out wolf hunting and promptly bag a wolf." —Ralph D.

"A wolf started howling behind us. We moved around to the other side of our vantage point and after a few minutes of glassing we located him. My guide gave a howl and the wolf turned and started coming towards us on the large stream bed. The wolf has a beautiful white pelt and he will look great in the trophy room." —Dale W.

MOOSE HUNTS

WE'VE ALL IMAGINED HUNTING a large Alaskan Moose - watching as he lazily grazes through marshy ground moving his majestic set of antlers back and forth. With a few grunts and calls however, he is immediately at attention and makes our heart rates jump as we ready ourselves for the shot. We have moose hunting camps in some of the best habitat located in Southwest Alaska, the Alaska Interior, and on the Alaska Peninsula. Our hunts are conducted in September each year and after arrival into base camp you will continue on your hunt by either boat, argo, horses, or another short hop with a Super Cub into a spike camp.

GREAT EFFORTS ARE PUT INTO ALL ASPECTS of our moose hunts from gear and equipment to planning and scouting. We go through a detailed gear list and general hunt information with each hunter to ensure they are fully prepared and ready for their hunt. Our average trophy moose taken are between 55 and 70 inches, with our past hunting seasons harvesting up to 77 inch moose and the current #4 Boone and Crockett Alaska moose. We focus on harvesting older mature bulls and a moose hunt also provides a great opportunity to hunt Grizzly as well in areas where the seasons coincide.

ALASKAN WEATHER

CAN BE HARSH so our tents are very durable and are either canvas heated tents or alaskan bombshelter style tents that provide great protection from the weather. Some tents can be heated when needed and we are also able to utilize some small cabins to hunt from in some of our areas. We make our camps as cozy and inviting as we can—providing you with a few comforts while in pursuit of your moose.

ALASKA RANGE HUNTS & GRIZZLY BEAR

WE HAVE ENJOYED SOME GREAT SHEEP HUNTING and even more so, helping to fulfill the dreams of our hunters who desire the experience of hunting Dall Rams. No matter the age or ability of the hunter, we will work together to provide a hunt that is tailored to each hunters capability and can provide extra means of help if needed. We do not require our hunters to carry a heavy backpack- most of our past hunters have used a small backpack or hip pack. We want everyone that dreams of hunting Dall sheep to have the opportunity to experience this hunt, it is one that will be remembered for a lifetime!

OUR DALL SHEEP HUNTS ARE CONDUCTED IN AUGUST AND EARLY SEPTEMBER each year. Depending on the hunting area, we use different methods of transportation into our areas by either small aircraft or horses. Newfoundland pack dogs are also used in some areas for packing support. If our hunters choose not to carry a pack, extra help will be on the hunt either in the form of a packer, horses, or pack dogs.

"I wanted to take a moment to thank you and your staff for a trip of a lifetime. To be able to hunt in one of the most beautiful and unspoiled areas in Alaska—it was truly incredible. There is not a day that goes by that I do not go through the photo's and smile at the memories of the hunt. Your staff was one of the most hard working and positive that I have ever had the opportunity to spend time in the field with. I was amazed at the sheep I saw during my hunt and the quality of the Rams. To have the opportunity to hunt was truly a dream come true- and to be able to harvest an 11 year old ram was icing on the cake!" —Brian S.

ALL TROPHIES TAKEN ON A hunt are professionally prepared and taken care of at base camp. We use proper techniques and methods to keep the hides in the best condition possible. For Dall Sheep, we highly recommend a life size mount and also favor preserving velvet on any Caribou taken in the early season. Both create a stunning mount that will be sure to quickly bring back all the memories of your hunt. There are expeditors and taxidurmist in Anchorage or Fairbanks that can receive your trophy from the field and prepare it for shipping to your taxidurmist or final destination.

GRIZZLY BEAR HUNTS

GRIZZLY HUNTS OFFER AN AUTHENTIC and rewarding Alaska hunting experience. These hunts are based out of a remote safari style bush camps in Southwest Alaska and can be combined with Stonewood Lodge. The hunts are primarily done from jet boats on the rivers with glassing and stalking or hunting over spawning salmon.

The Grizzly bears vary in color from light blonde to darker chocolate and have beautiful hides. While their diets vary heavily they consume an abundance of salmon in this region which helps them grow to an average of 7.5 - 9 feet.

ALL SPECIES HUNTS

GET THE MOST out of one trip to Alaska. We offer excellent multi Species hunts including hunt packages focusing on not just one geographic area but 2-3 prime locations over the course of the hunt. With camps up in the Alaska Range to multiple camps (lodges, camps, cabins) down on the Alaska Peninsula, Cavner and Julian will get you to the most ideal locations for some of the largest trophies in the state. We operate our own aircraft as well between the prime areas for maximum flexibility.

Our all species hunts include Yacht based hunts, ARGO ATV hunts, jet boat and horse back hunts. Accommodations for the hunts may make use of the lodge & cabins, wall tents, and traditional Alaska bomb shelter camps.

Experienced guides and top equipment combine to make your dream hunt come true. Discuss the possibilities with Master Guide and owner Preston Cavner about a custom combo hunt with: Brown Bear or Grizzly, Dall Sheep, Moose, Caribou, and Black Bear and some bonus trophy fishing. Trophy Mountain Goat and Black Bear Hunts are also available on board the luxury yacht the Northwest Odyssey.

THIS IS A VIP HUNT with hunting support that is always right by your side. When the weather changes or you have your trophy, you have more options. Move onto your next species quickly or relocate to different areas—keep your hunt moving and productive.

Need airport pick up and hotels lined up on the ends of your trip? No problem. We will take care of not only booking but we'll cover these costs so you start the hunt right and end on a high note.
